- Do not get near dust, smoke, or salt, sulfur, or other corrosive gases.
- Places that can cause bumps, vibrations, and sloshing (including the way of shifting)
- The occurrence of uneven ground

☆ Single Bed and Double Bed

●Model: ORPM01

●Reference Picture:

●Specific Parameter:

→Single bed size: 1500*2000mm

→Double bed size: 1800*2000mm

→Wood material: Solid wood material, which is heavy-duty and more durable.

→Bed style: Modern style, can be used in various scenarios. With other furniture can be matched, beautiful and generous

→Mattress: Equipped with the mattress, which can fit with the bed, provide more comfortable and soft support for patients or accompanying family members

→Closet: Equipped with closet, which with 2 doors, and mirrors inside.

→Application scenario: Home, hotel, VIP patient room, staff lounge, private hospital ward.

→Product characteristics: The plate is environmentally friendly and has no odor; The head of the bed can be relied on, ergonomic, effective distribution of spinal pressure; Thick and thick bed legs, more durable.

●Model: ORPM02

●Reference Picture:

●Specific Parameter:

→Single bed size: 1500*2000mm

→Double bed size: 1800*2000mm

→Wood material: Melamine board material, environmentally friendly and odorless

→Bed style: Modern style, can be used in various scenarios. With other furniture can be matched, beautiful and generous

→Mattress: Equipped with the mattress, which can fit with the bed, provide more comfortable and soft support for patients or accompanying family members

→Closet: Equipped with closet, which with 2 doors, and mirrors inside.

→Application scenario: Home, Hotel, VIP patient room.

→Product characteristics: Thicker bed legs, stronger support; Widen the backrest for comfort

●Model: ORPM03

●Reference Picture:

- Specific Parameter:

- Single bed size: 1500*2000mm

- Double bed size: 1800*2000mm

- Wood material: Melamine board material, environmentally friendly and odorless

- Bed style: Modern style, can be used in various scenarios. With other furniture can be matched, beautiful and generous

- Mattress: Equipped with the mattress, which can fit with the bed, provide more comfortable and soft support for patients or accompanying family members

- Closet: Equipped with closet, which with 2 doors, and mirrors inside.

- Application scenario: Home, Hotel, VIP patient room.

- Product characteristics: Thicker bed legs, stronger support; Widen the backrest for comfort

☆ Document Cabinet

- Model: ORPC01

- Reference Picture:

●Specific Parameter:

→ Cabinet size: 900*400*1850mm

→Material: Metal material with spraying, long service life, durable.

→Locking: with 2 locking keys, can storage some important documents.

→Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is metal door.

→Shelf: Inside four layers of shelves, large capacity.

→Color: Optional

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: Cold rolled steel, anti-corrosion and moisture resistant and easy to clean;
Safety lock, use rest assured and exact fit; Exquisite handle, smooth without scraping hands

●Model: ORPC02

●Reference Picture:

●Specific Parameter:

→ Cabinet size: 980*400*1900mm

→Material: Metal material with spraying,

→Locking: with 2 locking keys, can storage some important documents.

→Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is metal door. Drawers on the middle, three drawers

→Shelf: Inside four layers of shelves, large capacity.

→Color: Gray color

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: Cold rolled steel, anti-corrosion and moisture resistant and easy to clean;
Safety lock, use rest assured and exact fit; Exquisite handle, smooth without scraping hands

●Model: ORPC03

●Reference Picture:

- Specific Parameter:

→ Cabinet size: 9000*450*1800mm

→Material: Metal material with spraying

→Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is metal door.

→Shelf: Inside four layers of shelves, large capacity.

→Color: Gray color

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: Cold rolled steel, anti-corrosion and moisture resistant and easy to clean; Safety lock, use rest assured and exact fit; Exquisite handle, smooth without scraping hands

☆ Document Cabinet

- Model: ORPD01

- Reference Picture:

- Specific Parameter:

→ Cabinet size: 800*400*2000mm

- Material: Melamine board, environmentally friendly, odorless, waterproof
- Handle: with 2 metal handle, one is to open the upper glass door, another is to open lower door
- Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is wooden color door.
- Shelf: Inside five layers of shelves, large capacity.
- Color: Wooden
- Application scenario: Office, Hospital, School, Bank, Home
- Product characteristics: Rounded edges prevent bumping; Lots of storage space, you can see the files inside.

●Model: ORPD02

●Reference Picture:

●Specific Parameter:

- Cabinet size: 860*420*1950mm
- Material: Melamine board, environmentally friendly, odorless, waterproof
- Handle: with 2 metal handle, one is to open the upper glass door, another is to open lower door
- Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is wooden color door.
- Shelf: Inside four layers of shelves, large capacity.
- Color: Light Wooden
- Application scenario: Office, Hospital, School, Bank, Home

→Product characteristics: Rounded edges prevent bumping; Lots of storage space, you can see the files inside.

●Model: ORPD03

●Reference Picture:

●Specific Parameter:

→ Cabinet size: 860*420*1950mm

→Material: Metal material, with spraying

→Handle: with 2 metal handle, one is to open the upper glass door, another is to open lower door

→Door: Upper door is glass door, transparent color, easy to see the documents inside, lower door is wooden color door.

→Shelf: Inside four layers of shelves, large capacity.

→Color:Gray white

→Application scenario: Office, Hospital, School, Bank, Home

→Product characteristics: Metal material, strong and durable, long service life

☆ Four-galaxy Mailbox

●Model: ORPCM01

●Reference Picture:

●Specific Parameter:

→ Size: 460*620*1330mm

→Material: Metal material with electrostatic spraying, Strong adhesion, not easy to drop paint

→Drawer: 4 drawers, with handle, easy to take items

→Color: Off-white color, Beautiful and easy to match

→Locking: With central locking key, more secure

→Application scenario: Office, Hospital, School, Bank, Home

→Product characteristics: Thickened cold rolled steel plate, good bearing capacity; Modern simple style, a wide range of application scenarios; Steel lock. Multiple keys don't open; Three sections of track, push-pull smooth, easy access.

- Model: ORPCM02

- Reference Picture:

- Specific Parameter:

- Size: 460*620*1300mm

- Material: Metal material with electrostatic spraying, Strong adhesion, not easy to drop paint

- Drawer: 4 drawers, easy to pull out

- Color: Off-white and black color, Beautiful and easy to match

- Locking: Without locking

- Application scenario: Office, Hospital, School, Bank, Home

- Product characteristics: Thickened cold rolled steel plate, good bearing capacity; Modern simple style, a wide range of application scenarios; Three sections of track, push-pull smooth, easy access.

- Model: ORPCM03

- Reference Picture:

● Specific Parameter:

- Size: 860*450*1300mm
- Material: Metal material with electrostatic spraying, Strong adhesion, not easy to drop paint
- Drawer: 4 drawers, easy to pull out
- Color: Off-white and black color, Beautiful and easy to match
- Locking: With central locking, control all drawers
- Application scenario: Office, Hospital, School, Bank, Home
- Product characteristics: Thickened cold rolled steel plate, good bearing capacity; Modern simple style, a wide range of application scenarios; Three sections of track, push-pull smooth, easy access.

☆ Steel Swivel Stool

- Model: ORPE01
- Reference Picture:

● Specific Parameter:

- Size: Diameter 325mm*Height455-560mm
- Material: PU covering fabric and steel pipe
- Casters: 5pcs silent casters, easy to move, very smooth
- Seat Area: Double sponge filling, waterproof and moisture-proof
- Application scenario: Beauty salon, laboratory, barbershop, foreground.
- Product characteristics: SGS certified pressure bar for smooth height adjustment; 360 degree rotation, office convenience; 32cm wider and thicker chassis, more stable.

- Model: ORPE02
- Reference Picture:

- **Specific Parameter:**

- Size: Diameter 300mm*Height450-580mm

- Material: PU covering fabric and steel pipe

- Casters: 4pcs silent casters, easy to move, very smooth

- Seat Area: Double sponge filling, waterproof and moisture-proof

- Application scenario: Beauty salon, laboratory, barbershop, foreground.

- Product characteristics: SGS certified pressure bar for smooth height adjustment; 360 degree rotation, office convenience; 30cm wider and thicker chassis, more stable.

- **Model: ORPE03**

- **Reference Picture:**

●Specific Parameter:

→ Size: Diameter 300mm*Height450-580mm

→Material: PU covering fabric and steel pipe

→Chair base: Without casters, with anti-slip cover, more stable

→Seat Area: Hard PU surface, anti-static

→Application scenario: Beauty salon, laboratory, barbershop, foreground.

→Product characteristics: Rotary control height; The seat has vents for air.

☆Office Table

●ORPDE01

●Reference Picture:

●Specific Parameter:

→Size: 1200cmm*600*750mm

→Material: Melamine board material, Environmentally friendly and odorless.

→Lock: With lock and keys, high security.

→Structure: Cabinet on left side, can storage some files and documents, big drawer on the middle, three drawers on the right side.

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: A variety of storage Spaces to accommodate various items; Safety plate, use more peace of mind, no odor

- ORPDE02

- Reference Picture:

- Specific Parameter:

→Size: 1200cmm*600*750mm

→Material: Melamine board material, Environmentally friendly and odorless.

→Lock: With lock and keys, high security.

→Structure: Drawers on left side, cabinet is on the right side

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: A variety of storage Spaces to accommodate various items; Safety plate, use more peace of mind, no odor

●ORPDE03

●Reference Picture:

●Specific Parameter:

→Size: 1200cmm*600*750mm

→Material: Melamine board material, Environmentally friendly and odorless.

→Lock: Without locking

→Structure: Drawers on left side, can move

→Application scenario: Office, Hospital, School, Bank.

→Product characteristics: A variety of storage Spaces to accommodate various items; Safety plate, use more peace of mind, no odor

☆ Refrigerator(58L)

●Reference Picture:

●Specific Parameter:

→Size: 344*405*628mm

→Structure: The top is the freezer area, the bottom is the refrigerator area.

→Capacity: 58L

→Electric power: can use converter to match the local voltage.

→Power consumption: 0.4Kwh/24h

→Freezing capacity: 7kg/24h

→Application scenario: Office, Hospital, School, Home

→Product characteristics: Double temperature and double door; Circulating refrigeration; Low noise during operation; Energy saving

☆ Refrigerator (76L)

●Reference Picture:

●Specific Parameter:

→Size: 344*405*778mm

→Structure: The top is the freezer area, the bottom is the refrigerator area.

→Capacity: 76L

→Electric power: can use converter to match the local voltage.

→Power consumption: 0.4Kwh/24h

→Freezing capacity: 7kg/24h

→Application scenario: Office, Hospital, School, Home

→Product characteristics: Double temperature and double door; Circulating refrigeration; Low noise during operation; Energy saving

☆ Office Chair

●Model: ORPOC01

●Reference Picture:

●Specific Parameter:

→Size: 660*540*1100-1200mm

→Cover: PU leather cover, easy to clean

→Casters: Silent 360°PU cover casters

→Backrest: 90-170° angle

→Color: optional, like black, brown, white, gray

→With armrest, high density sponge filling, fits the elbow more comfortably

→Headrest: Environmentally friendly natural latex, soft and hard moderate, 490mm headrest

→Footrest: Reinforced steel footrest, high load bearing

→Application scenario: Office, Hospital, School, Home, Bank

→Product characteristics: Diameter 700mm increase base, firm and stable without overturning; SGS certified gas rod, good load-bearing; Soft PU cover wrapped casters, 360 degrees flexible rolling, wear-resistant low noise.

●Model: ORPOC02

●Reference Picture:

●Specific Parameter:

→Size: 630*580*940-1040mm

→Cover: PU leather cover, easy to clean

→Casters: Silent 360°PU cover casters

→Backrest: 90-170° angle

→Color: optional, like black, brown, white, gray

→With armrest, high density sponge filling, fits the elbow more comfortably

→Headrest: Environmentally friendly natural latex, soft and hard moderate, 490mm headrest

→Footrest: Reinforced steel footrest, high load bearing

→Application scenario: Office, Hospital, School, Home, Bank

→Product characteristics: Diameter 700mm increase base, firm and stable without overturning; SGS certified gas rod, good load-bearing; Soft PU cover wrapped casters, 360 degrees flexible rolling, wear-resistant low noise.

●Model: ORPOC03

●Reference Picture:

●Specific Parameter:

→Size: 650*590*940-1040mm

→Cover: PU leather cover, easy to clean

→Casters: Silent 360°PU cover casters

→Backrest: 90-150° angle

→Color: optional, like black, brown, white, gray

→With armrest, high density sponge filling, fits the elbow more comfortably

→Headrest: Environmentally friendly natural latex, soft and hard moderate, 490mm headrest

→Footrest: Reinforced steel footrest, high load bearing

→Application scenario: Office, Hospital, School, Home, Bank

→Product characteristics: Diameter 700mm increase base, firm and stable without overturning; SGS certified gas rod, good load-bearing; Soft PU cover wrapped casters, 360 degrees flexible rolling, wear-resistant low noise.

☆ Waiting chair

●Model: ORPWC01

●Reference Picture:

●Specific Parameter:

→Size: 630*680*780mm

→Material: Stainless steel material, cover PU leather on back and seat part.

→Armrest and foot: Stainless steel material, 1.2mm thickness, good load-bearing capacity, up to 200kg

→Color: optional, like black, blue, green, gray, orange.....

→With armrest, also made in stainless steel material, durable

→Seat board: 1.3 thickness stainless steel board, electrostatic spray paint with PU cushion

→Application scenario: Airport, Hospital, Bank, Railway station

→Product characteristics: High quality thickened stainless steel material, strong bearing capacity, not easy to rust, durable; The structure is ergonomic, comfortable and breathable.

●Model: ORPWC02

●Reference Picture:

●Specific Parameter:

→Size: 1750*680*780mm

→Material: Stainless steel material

→Armrest and foot: Stainless steel material, 1.2mm thickness, good load-bearing capacity, up to 200kg

→Color: optional, like black, blue, green, gray, orange.....

→With armrest, also made in stainless steel material, durable

→Seat board: 1.3 thickness stainless steel board, electrostatic spray paint with PU cushion

→Application scenario: Airport, Hospital, Bank, Railway station

→Product characteristics: High quality thickened stainless steel material, strong bearing capacity, not easy to rust, durable; The structure is ergonomic, comfortable and breathable.

●Model: ORPWC03

●Reference Picture:

●Specific Parameter:

→Size: 2000*680*780mm

→Material: Metal material, with spraying

→Armrest and foot: Aluminum alloy material

→Color: optional, like black, blue, green, gray, orange.....

→With armrest on two sides, and with table in the middle

→Application scenario: Airport, Hospital, Bank, Railway station

→Product characteristics: High quality thickened stainless steel material, strong bearing capacity, not easy to rust, durable; The structure is ergonomic, comfortable and breathable.

●Model: ORPWC04

●Reference Picture:

●Specific Parameter:

→Size: 1750*680*780mm

→Material: Stainless steel material, cover PU leather on back and seat part.

→Armrest and foot: Stainless steel material, 1.2mm thickness, good load-bearing capacity, up to 200kg

→Color: optional, like black, blue, green, gray, orange.....

- With armrest on two sides, also made in stainless steel material, durable
- Seat board: 1.3 thickness stainless steel board, electrostatic spray paint with PU cushion
- Application scenario: Airport, Hospital, Bank, Railway station
- Product characteristics: High quality thickened stainless steel material, strong bearing capacity, not easy to rust, durable; The structure is ergonomic, comfortable and breathable.

☆ Baby Crib

- Model: ORPBB01
- Reference Picture:

●Specific Parameter:

- Size: 875*525*650-900mm
- Height: hydraulic control the height
- Material: ABS material, safe and odorless
- Angle: Trendelenburg and reverse trendelenburg: $12^{\circ} \pm 3^{\circ}$
- Color: Blue, Pink, Green
- Casters: 360° Rotation: Equipped with wear-resistant wheels for smooth and easy maneuvering
- Gas Spring Mechanism: Ensures smooth and controlled height and tilt adjustments
- Hydraulic Pump: Provides quiet and precise height adjustments, ensuring minimal disturbance to the baby

→Application scenario: Hospital, Home, Maternity center

→Product characteristics: With transparent cradle, can remove with the bed frame; Also convenient for adults to take care of baby.

●Model: ORPBB02

●Reference Picture:

●Specific Parameter:

→Size: 1050*610*950mm

→Main Material: Wood material, material safety, environmental protection and no odor

→Side rails: 310mm when it rise up, protect children from falls, columns design, convenient for adults taking care of the baby

→With storage space on the bottom of the bed, can be placed idle items.

→Casters: With 4 casters, can lock, easy to move

→Application scenario: Hospital, Home, Maternity center

→Product characteristics: When the guardrail is placed at the lowest point, it is located under the bed panel and can be spliced together with the mother's bed for easy care; Cribs can be adjusted to adult height.

☆ Three-seat seating benches

- Model: ORPTS01
- Reference Picture:

●Specific Parameter:

→Size: 1800mm length, can accommodate at least three people.

→Main Material: Wood and galvanized iron

→Armrest: Upgraded and thickened handrails, not easy to damage, has passed the violence test.

→Structure: Equipped with trough reinforcement bar, stable support, strong bearing force

→Chair foot: Semi-circular support foot, strong and durable, not easy to deform, strong bearing capacity

→Application scenario: Park meadow, Plot, School

→Product characteristics: Large handrail, thickened material, for people to rest without deformation; Selected material, anti-corrosion and scratch resistance, round color; Waterproof, insect resistant, sun protection, long service life.

- Model: ORPTS02
- Reference Picture:

- Specific Parameter:

- Size: 1800mm length, can accommodate at least three people.
- Main Material: 60% wood powder+ 30% plastic+ 10% additives
- Armrest: Upgraded and thickened handrails, not easy to damage, has passed the violence test.
- Structure: Equipped with trough reinforcement bar, stable support, strong bearing force
- Chair foot: Semi-circular support foot, strong and durable, not easy to deform, strong bearing capacity
- Application scenario: Park meadow, Plot, School
- Product characteristics: Easy to install, easy to handle; waterproof, fire retardant, anti-insect, UV-resistant; stable & durable, impact resistant; weather resistant, less fading

- Model: ORPTS03
- Reference Picture:

●Specific Parameter:

→Size: 1800mm length, can accommodate at least three people.

→Main Material: Solid wood+Galvanized steel

→Armrest: Upgraded and thickened handrails, not easy to damage, has passed the violence test.

→Structure: Equipped with trough reinforcement bar, stable support, strong bearing force

→Chair foot: Semi-circular support foot, strong and durable, not easy to deform, strong bearing capacity

→Application scenario: Park meadow, Plot, School

→Product characteristics: Waterproof, anti-rust, anti-corrossion, durable, weather resistant

☆ Automatic shoe cover dispenser machine

●ORPSM01

●Reference Picture:

●Specific Parameter:

→Size: 420*220*135mm

→Main Material: ABS material, durable, light weight, easy to move

→Armrest: Upgraded and thickened handrails, not easy to damage, has passed the violence test.

→Attachment: With 100 shoe covers

→Color: Gold, Pink, Green, Blue.....

→Application scenario: Home, Office, Laboratory.....

→Product characteristics: No need to bend over, easy shoes; Strong spring, stable and long lasting; High quality non-slip mat can prevent the shoe cover machine from slipping

●ORPSM02

●Reference Picture:

●Specific Parameter:

→Size: 460*250*145mm

→Main Material: ABS material, durable, light weight, easy to move

→Armrest: Upgraded and thickened handrails, not easy to damage, has passed the violence test.

→Attachment: With 100 shoe covers

→Color: Gold, Green, Blue.....

→Application scenario: Home, Office, Laboratory.....

→Product characteristics: No need to bend over, easy shoes; Strong spring, stable and long lasting; High quality non-slip mat can prevent the shoe cover machine from slipping
